

Executive Chef for a Full-Service Private Club in the Adirondack Park

The Adirondack League Club is seeking its next Executive Chef for the Little Moose Lodge in Old Forge, NY. This 130-year-old private outdoor recreation club is situated on 53,000 acres of pristine land in the Central Adirondacks. The Little Moose Lodge is only a few miles from the resort town of Old Forge, and is on the shore of Little Moose Lake. Little Moose is the largest of three lake communities at the club. The lodge offers year-round lodging accommodations with cottages and rooms for member use, full-service food & beverage, and many outdoor recreational amenities including hunting, fishing, swimming, sailing, tennis, hiking, and cross-country skiing. The lake is surrounded by privately owned member homes, and the club has 400 family-orientated members. Our membership embraces the rich traditions of outdoor family recreation and the conservation of the Adirondack Park.

The Executive Chef is responsible for the daily operations of the kitchen facilities. The ability to create a positive culture and work environment both in the kitchen and among other staff members is paramount. Additionally, the candidate is expected to have experience with menu creation, ordering, cost of goods, and inventory management. The Adirondack League Club Chef is a hands-on position, and he or she will cook or directly supervise the cooking of items that require skillful preparation. A commitment to keeping up with current food trends and blending them with traditional club favorites is important. A willingness to be flexible and demonstrate problem solving skills is critical. The new chef is expected to work extended hours over the summer months, but there is very generous paid time off.

The opening is for a full-time, year-round, salaried position. Benefits include family medical coverage, 401K matching and a profit-sharing plan and participation in an Employee Appreciation Holiday Fund. The ideal candidate will enjoy a balance of hard work, outdoor living, and a small-town lifestyle.

Interested candidates should forward their resume and a letter of interest, as soon as possible. The position is available immediately.

Please send resumes and other documents to;
